**D**iletta Panero, who is originally from Cherasco, near Turin in Italy, set up her company in Kinlough, Co Leitrim in 2023, having previously lived in Galway and spent significant time in Spain and Latin America.

With a diverse background spanning from academia to corporate and legal sectors, Diletta has placed language and culture at the centre of her work. Over the past 15 years, she has built a reputation as a language and cultural expert, researcher, storyteller, public speaker, and community interpreter. Her mission is to champion cultural competency – highlighting its vital role in fostering inclusivity, strengthening international relations, and enabling sustainable cross-border collaboration.

DP Language Services currently offers ad-hoc language and cultural solutions for educational institutions, corporate leaders, government bodies, NFP agencies, and the media and creative industries. Its expertise is particularly rooted in the cultural landscapes of Ireland, Italy, Spain, and Latin America.

Diletta works closely with Local Development Companies and County Councils nationwide, delivering her innovative programme, Practical Irish Living and Cultural Integration. This training initiative supports new arrivals and those relocating to Ireland, accelerating their integration process.

The company also partners with secondary schools across the country, offering seven distinct language and cultural workshops and talks. These sessions aim to spark curiosity and show young people the rich, interdisciplinary opportunities that come with learning languages and embracing cultural competency.

DP Language Services has a team of contractors who Diletta has collaborated with for over 15 years and who she calls in on projects according to client needs.

Diletta says that ACORNS helped her to refine, promote and, where necessary, modify her services and was incredible in terms of support from other participants and their Lead Entrepreneur.

Her plan for the upcoming year is to further establish her presence in Ireland before expanding her services internationally.

*Providing early stage female entrepreneurs, living in rural Ireland, with the knowledge, support and networking opportunities to meet and even exceed their current aspirations.*
