holos

Creating luxury skincare brand Holos, was a natural progression for Niamh Hogan whose background is in natural health.

Through her research of plant and essential oils for wellbeing, Niamh discovered the great benefits plant ingredients have on the skin and was inspired to create a skincare range that focused on skin health and on supporting the skin as it naturally ages. Niamh's passion for the environment and sustainability means that she and her team take great care with every decision made, both in the creation of the products and the day to day running of the business. Products are vegan, cruelty-free and environmentally friendly.

Holos provides vitality for your skin, your wellbeing and your world through skincare that fits easily into your life. Harmonising Nature, Science and Consciousness, Holos is made using botanical ingredients, coupled with scientifically proven plant actives providing the Holos community with a brand that focuses on both ethics and results. Holos is a multi- award winning brand with over 100 awards under their belt.

The Holos team has grown to 11 people this year. All products are formulated by Holos' in-house Chemist and production takes place on-site in Holos HQ in C. Wexford. Holos is available online on www.holos.ie, serving Ireland, Europe and Australia as well as www.holosskincareusa.com serving the US market. Holos is available in selected Pharmacy outlets in Ireland with premium partnerships with Meaghers Pharmacy and Unipharm Pharmacy groups.

Providing early stage female entrepreneurs, living in rural Ireland, with the knowledge, support and networking opportunities to meet and even exceed their current aspirations.
