Laura Bourke is an entrepreneur and business leader with over two decades of experience in recruitment, business development and senior leadership. Inspired by an entrepreneurial upbringing and a passion for helping businesses and individuals succeed, Laura founded Aspire Recruitment in 2018 following a successful career in the recruitment industry.

Today, Aspire Recruitment is a trusted recruitment partner to multinational organisations, indigenous Irish businesses and high-growth companies across Ireland. Operating from offices in Shannon, Dublin and County Tipperary, the company delivers tailored recruitment solutions that connect talented professionals with employers where they can thrive.

In 2021, Laura expanded her business portfolio by establishing Flexi Desk Limited, a provider of licensed business addresses and professional office space in County Tipperary. Flexi Desk® is a trademark owned by Flexi Desk Limited and supports entrepreneurs, remote workers and growing businesses by providing flexible, professional workspace solutions.

Laura participated in the ACORNS Plus programme in 2022 and the Going for Growth programme in 2026, both of which provided valuable opportunities for learning, collaboration and business development. Building strong networks with fellow entrepreneurs has played an important role in her continued growth as a business owner.

Through both Aspire Recruitment and Flexi Desk, Laura remains committed to innovation, professional excellence and creating opportunities that support individuals, businesses and local economic development throughout Ireland.
